

## Upland Bird Hunting Season Opens Saturday

The upland bird season opens in southern Alberta on Saturday, Oct. 8, at 8:00 a.m., continues open until Oct. 22, is then closed for a full week, and reopens Monday, Oct. 31. The final day's hunting will be Saturday, Dec. 10.

Hunting is legal from 8:00 a.m. until one-half hour after sunset during the open season, except Sundays.

Included in the upland bird category in this part of the province are ringneck cock pheasant, Hungarian partridge, sharp-tailed grouse, ruffed grouse and spruce grouse.

Elsewhere in this issue, excerpts from the provincial game regulations are published, for the guidance of hunters, by the Vulcan and District Fish & Game Association.

## Senior Citizens Night Oct. 26

A regular meeting of the Lionette Club held on Sept. 26, at the Vulcan Cafe, the final arrangements for the annual Senior Citizens Supper were made.

The evening will be held on Wednesday, Oct. 26, at the Vulcan Lodge Hall at 6:00 p.m. Tickets are now out and available at the following places: Mitchell's Pharmacy, Fashionette, Betty Ann Shoppe and Simpson's-Sears.

Everyone 65 years of age and over is most welcome to attend. Anyone wishing transportation is to phone Mrs. Charles Northcott at 265.

The response to the sale of the baseball tickets has been very good and greatly appreciated by the club.

Mrs. Virginia Mitchell was guest speaker for the evening and chose as her topic, "Pharmacy." She gave a very informative and interesting talk on the subject.

## Police Court News

Forty-one complaints were handled in the past few weeks at the Police Office with 13 of these coming before Magistrate W. A. Shields. Of these, seven involved Calgary men.

A Coultis man was arrested Sept. 24, on an impaired driving charge and for illegal possession of liquor. He received \$50 fine and loss of licence for six months.

A bottle throwing episode on the 26th of September cost three men \$25 each. They were stopped for speeding in town and threw a case of six beer bottles to the pavement, breaking two.

Also, on the 26th, Nels Nelson reported a truck stolen from his farm. It turned out the hired man had taken the vehicle without permission.

A local child recently released the parking brake on a car which rolled across the street doing \$95 damage when it struck another car.

Another case of throwing litter on the pavement was heard. This man also faced an impaired driving charge, plus a charge of driving while his licence was suspended. He received 30 days in jail on each of the two counts.

Door prize winners have been announced in connection with the Annual Municipal Police Dance. For the second year in a row, with two prizes to give out, people in this area have made a clean sweep. This year Police Chief Moyer and Constable Knowles saw fit to swing a pair of snow tires to Terry Jay of the New Club Cafe and a \$65 Transistor Radio went to Fred Fleming of Champion.

The Vulcan district received a vote of thanks for splendid support to this affair. In view of the draw results, perhaps the accolades should go the other way.

When parents are able to answer the children's questions it's a sign that the kids are growing up.

## Blackie Minister Taken By Death

REV. NORMAN KNIGHT

The people of Blackie, Farrow and Gladys were saddened by the death of the minister of the United Church, Rev. Norman Knight, 64 years, at Edmonton on Sept. 27. Mr. Knight had been attending a conference in Edmonton when he was taken ill. He leaves to mourn his loss, his wife Mrs. Violet O. Knight of Blackie; one daughter, Mrs. D. M. (Mavis) Weatherhead of Calgary; two brothers, William and Alex Knight of England; three sisters, Elizabeth, Gertrude and Mina, all of England. One sister, Phyllis, predeceased him in Aug. 1960, in Australia.

Before coming to Blackie, Rev. Knight served at the charge at Viking, Alta., and for many years he was a missionary with his wife and family in China.

Services by the Rev. Morse Johnson were held at the High River United Church. Snodgrass Funeral Home was in charge. Cremation followed.

## Dry Year Gives Smaller Spuds

The "Potato Brigade" this year is down somewhat from the high list of samples of other years, possibly because of the effect of the dry summer, but since the report of Art Scott's two pounders of a week ago, two more interesting reports have come in.

Mrs. Martin McInenly of Arrowwood lugged a spud into the Advocate office last week which went two pounds, one and one-half ounces. Leader by half an ounce though, would be a specimen weighing two pounds, two ounces, shown by John Tangen. Mr. Tangen is 84 years of age and has a crop of 4,000 hills from which came 100 bushels of our staple food.

That's a fair summer hobby for a young man, let alone a senior citizen and it's probable Mr. Tangen would have forked out a high hill of spuds if his year by year harvests could be piled together.

All gardeners reporting their finds this year have turned in the Pontiac variety, a slightly pinkish potato that ripens to a solid round mass with no extensions or outgrowths.

## Alan Smith New Minister At Portage la Prairie

After 8½ years as minister of the Church of Christ in Yellow Grass, Sask., Alan Smith has terminated his ministry there, and accepted a call to Portage la Prairie, Man.

Mr. Smith went to Yellow Grass upon his graduation from Alberta Bible College in Calgary. A short time later he started services in Weyburn, and within the last three years a building was erected there with men from Yellow Grass and Weyburn supplying volunteer labor. The building was officially opened on January 10, of this year. Three years ago, Howard Rash, another graduate of Alberta Bible College, came to assist in this work and is the present minister of the Weyburn congregation.

During his ministry, also, Mr. Smith has conducted Sunday afternoon services in Milestone, 20 miles distant, where the former parsonage was remodelled to create an attractive and adequate auditorium. Mr. Smith is the son of Mr. and Mrs. Donald Smith of Vulcan, and his wife is the former Wilma Wismer, daughter of Mrs. A. Wismer of Vulcan. The Smiths have three children, Robert, Larry and Patricia.

Sunday evening, Sept. 25, members of the three congregations bade the Smiths farewell, at a supper in the basement of the church at Yellow Grass and at the close of the evening service presentations were made to each member of the family.

After November, the Smiths will be at home at 205 Dufferin Ave. West, Portage la Prairie, Man.

## THE WEATHER

Harvest is completed and the weather remains fine. Afternoon temperatures this week have reached as high as 70. Fields are very dry and a soaking rain would be welcomed.

## Ten "Favorites" Entered

## Unique "Horse Race" At Golf Club On Sunday

The second annual, popular "Horse Race" will be held at the Vulcan Golf and Country Club on Sunday, Oct. 9, starting at 2:30 p.m. In this event ten golfers start at the first hole and the one with highest score is eliminated; in the event of a tie for high, the tied contestants pitch to the pin from fifty yards and the furthest away is out. Then nine players continue to the second hole and the same procedure eliminates another one. Finally, two players are left for the final hole and the low man is winner, the other is second and the one player who dropped out on the eighth hole is third.

Parimutual wagering will take place up to the start of the race and the top three "horses" will pay off according to the odds, at the start of the nine furlong contest.

Last year's top three were "Strictly a gamble," Gorbous; "Should be in the money" Boutland, and "Class of the field" Buehler.

The ten thoroughbreds lined up for this year's "Fall Classic," with the bookies' choices are as follows: R. Wellman, Edge in a tough field; R. Buchler, At the peak of his game; H. Boutland, Should press the leaders; G. Gorbous, Good win in last race; C. Schneider, Watch out for this one; R. Willard, Capable of getting in the money; B. Haverty, Should be in top shape; T. Holm, A real steady performer; H. Kilpert, Would fetch a good price; J. Moyer, Short, but down the middle.

Last year's event was held on a cold stormy day which kept the crowd to a minimum, so it is hoped that the good weather will continue for this year's classic as it is very popular with the fans who like to "bet them on the nose," and follow the "nags" around the course. Official starter and judge of play will be Charlie Fulton.

## 50th Wedding Anniversary

MR. AND MRS. G. C. COLLIER

Fifty years of married happiness and community service dating from Sept. 27, 1910 were celebrated Sunday, Sept. 25, when Mr. and Mrs. G. C. Collier of Vulcan were honored at an afternoon and evening reception in the basement of St. Aldhelm's Anglican Church.

Over 150 guests called on the couple during the day from Calgary and points through to Lethbridge. A couple from Southampton, England, Mr. and Mrs. Scorey, who are on an extended holiday in Canada were among the well-wishers. Mr. Scorey is from the same area as was Mr. Collier back in the days when he and Mr. Scorey followed the same soccer team first-hand and though the two did not meet at the time, mutual friends have since brought them together.

The four other members of the senior Collier family were together for the event as were some of the ten grandchildren. Eldest son Russell is now school principal at Bow Valley Central High at Cluny. Albert is in business at Vulcan Supply with G.C. Two daughters, Ruby (Mrs. Nelson Jamison) and Nora (Mrs. Stuart Campbell) are both in the Vulcan area.

This Golden Wedding Anniversary also noted forty-two years of continuous residence in Vulcan and marked Mr. Collier as one of the oldest businessmen still serving the town and the oldest from the standpoint of continuous service in Vulcan.

The couple are both of English descent. Mr. Collier was born in Dorset County in 1888, came to Canada and Manitoba as a harness maker in 1908 and two years later moved to Lethbridge. Violet Nora Welch came to Lethbridge that year and became Mrs. Collier during the autumn season.

At that time Mr. Collier was employed with the Tom Butler Harness Shop and in 1918 he made the move to Vulcan where he went into partnership with C. S. Hall and W. S. Hill. So began the Vulcan Supply Company which served then as distributor for farm machinery, and almost every type of commodity needed in that age of pioneer living when Vulcan was mostly a general store, hardware and a restaurant. The business at that time was located across the street from the blacksmith shop.

In the early '20's harness making as an occupation came to an end and was dropped from the list of services offered. Following his education in 1935, Albert joined the business and in 1939 the Vulcan Supply moved from its second business site, in the present Vulcan Furniture building, to its location of today.

Mrs. Collier was just as active in community organizations and church work as her husband was in his business. She was pianist at the Anglican Church when the present basement was the main church and was constantly at work organizing concerts, programs and entertainment for war bond drives, Red Cross, relief work and community needs in the earlier years.

Gardening has always been a favorite pastime at the Collier home and perhaps came second to fishing and hunting with Mr. Collier. His store was and still is a hang-out for fishing friends and some rare tales were told of the exploits of he and such cohorts as Jack Williams, bank manager A. F. Wright and Max Mutz, hotel proprietor. Mr. Collier was also one of the curlers of an earlier day in town when a single sheet of ice was located between the present theatre and the old power plant.

Retirement is not on the horizon for Mr. Collier. His 7:30 arrival each morning at the store probably rates him as first man

to open the door down town and with his work being an extra hobby for him, he has found no reason to change his ways.

Mrs. Collier still keeps pace with her husband and can be seen, rain or snow, out for a daily walk exercising her pet Dalmatian.

The quiet couple has seen and been a part of the transition from life early in the century through to the complex mechanics of today's world and have retained their health, good nature and friendly outlook, and friends were serious at the Sunday celebration about wanting an invitation to the Colliers' 60th Anniversary.

## Rally Day At Church of Christ

Last Sunday marked one of the year's highlights of the Church of Christ Bible School when their Rally and Promotion Day exercises took place.

The whole of the morning service was built around the younger set of the church and the guest speaker was Mrs. Mary Benoit of the Nanton church. Mrs. Benoit gave a very interesting talk to the Bible School using various objects to illustrate the truths of young Christians being the salt of the earth, the light of the world and so on.

The special music was an important part of the program and this was provided by the Junior Choir under the direction of Mrs. Vernie Budd and a duet by Michael and Joe Denbigh and a quartet consisting of Carolyn and Dawna Haga, Barbara Budd and Shirley Deal.

Teachers presented their classes with promotion certificates and Mrs. Elsey Hollister, the Bible School superintendent, introduced all the teachers to the congregation.

At the evening service, Ed Benoit, minister of the Nanton church, was the guest speaker and Mrs. Benoit gave an inspiring message in song.

## Fish & Game Association

## Sponsor Showing of Wild Life Film

Through the sponsorship of the Vulcan and District Fish & Game Association an evening of exclusive wild life film, presented by Ricardo Segura, Argentine wild life conservator, will be shown Tuesday, Oct. 11, at 8:00 p.m., in the Vulcan School Auditorium.

Senor Segura will be showing films of fish and wild life pictured in the jungles of Belgian Congo, the Matto Grosso, Patagonia and the Andes of Argentina. The visitor is a devoted sportsman on a brief tour of the U.S. and Canada, who believes that hunters play a very important part in conservation. He says of the United States, "There is more game in the U.S. than ever before, yet there are millions of hunters." From his Alaskan visit of last month he says, "the moose and caribou herds are in excellent health. It is plain that the hunters have done much to develop the game and the laws which have guided the hunter."

The next general meeting of the Fish & Game group is set for Monday, Oct. 17. A point stressed at the executive meeting held Monday night was that the 8:00 p.m. starting time will be strictly adhered to beginning with this meeting, in view of the delays and wasteful time found at past evenings. A film will be shown starting at 8:00 o'clock, followed by the business of the night and another film be-

## Hearing at Vulcan Oct. 6

## FUA Local Protests Hutterite Expansion

Expansion of Hutterite colonies in Alberta since the repealing of legislation which had, to a certain extent, limited the growth of such colonies was the subject of discussion at a general meeting of the Milo-Queenstown local of the Farmers Union of Alberta, held at Queenstown Sept. 28. Over 100 persons were in attendance at the meeting.

Hon. Rev. Peter Dawson of Vulcan, MLA for Little Bow, gave a resume of the legislation recently passed concerning Hutterite colonization in Alberta. During a spirited question and discussion period charges were made that individual farmers wishing to buy land were being consistently outbid by the Hutterite farmers and that this was made possible because of the exemption from paying income tax enjoyed by the Hutterites. The charge was also made that individual Hutterite farmers were purchasing land, ostensibly as private individuals, but were still living at the colony and land thus purchased was, in effect, nothing but an extension of the colony.

The opinion was also expressed that the Hutterites would never become assimilated to the Canadian way of life so long as their children were taught as a separate group.

The meeting went on record as being opposed to further expansion under the colonization system in Alberta and in favor of Hutterite children being compelled to attend public schools.

A three-man delegation was named to attend the hearing of the Communal Properties Board in Vulcan Thursday morning, Oct. 6. This group, along with a delegation from the Queenstown-Milo Branch of the Canadian League, will strongly oppose any expansion of the Hutterite colony at Queens-town.

## Ness and Emelson Re-elected

## Acclamation For Councillors

Vacancies on the Town of Vulcan council were filled by acclamation on nomination day, Sept. 28, when Councillors C. G. Ness and Ed Emelson were both re-elected by acclamation, there being no other nominations.

Guy E. Voisey was re-elected by acclamation as the town's representative on the County School Committee.

Other members of the town council are Mayor J. Lundy Findlay and Councillors M. R. Morrison, S. H. H. Joiner, W. G. Sutherland, Frank Burchak. Mr. Morrison is the town's representative on the board of the Vulcan Municipal Hospital District.

## Good Training Pays Dividend

Those quiet workers among our youth, the Cub and Scout leaders, can read the following paragraphs and be assured their work among the young people of town and district is not in vain.

On Wednesday, Sept. 21, Mrs. Ruth Christensen last her wrist watch, a valued article to her both monetarily and through personal attachment.

She traced and retraced her footsteps in an area around the Church of Christ block where she felt it would have been lost, and then turned to the police office.

Sure enough, it was in Constable Moyer's hands waiting an owner. The watch had been turned in by Roy Hagg, seven year old son of Mr. and Mrs. Larry Hagg of Vulcan.

Coincidentally the Wednesday Cub meeting from which Roy was leaving when he found the watch, was his first. He had just joined the pack and in a talk with the beginners the leaders had stressed honesty and helpfulness towards others among the other fundamentals of good Cub life. The lesson stuck with Roy and when he spotted the gleaming time-piece in the grass he headed straight for the police station.

This business made him late for supper but when the story was unfolded his tardiness was more than excused.

So Mrs. Christensen has her watch again, Roy has demonstrated the principals behind the Cub movement and also has received, though unsolicited, an attractive financial reward to add lustre to his deed.

## Holiday Monday

Next Monday, Oct. 10, will be observed as Thanksgiving Day in Canada and most business places will be closed.

Advocate news correspondents are asked to have their copy in as early as possible next week.

A fellow wouldn't mind loaning his lawn mower if the borrower wouldn't take it out of the yard. Splinters on the ladder of success are much sharper on the way down.

## Boxing Club Starts Season

The second year of the Vulcan Boxing Club activities gets underway this Friday night. Open to all boys, the armoured will be turned over to Constable A. Knowles and his charges from 6 to 8 p.m., for a start in the winter session of boxing instruction and calisthenics.

During the course of its year of operation the club's membership ran to 110 youths and it is hoped similar interest will be shown this season. With the organizer, Constable Knowles in 1959 were Stuart Douglas, Len Hart, Leonard Engen and Bill Cahoon who gave of their time in instruction duties.

Vulcan support was gratifying last year with donations making possible the purchase of gloves, skipping ropes, headgear, mouthpieces and punching bags. A big item, a boxing ring, is needed this year. However as their sale value is around \$1,000, plans are to have one made at a much more reasonable figure.

If a ring can be obtained the way would be clear to a card of boxing events staged by the local club.

### MAJORVILLE

Heard of a fellow who went big game hunting last week and was so interested in getting a bull moose fight on film, he failed to notice his audience was an elk. By the time he laid the camera aside and had his gun ready for action the elk steaks and roasts had gone that-a-way. Oh well!

maybe the fellow would just as soon see a film as have elk steak for dinner anyway.

Mr. and Mrs. Mary Say of Spokane, Wash., and Mr. and Mrs. Arie Vooy's of Calgary were weekend guests at the home of the latter's son-in-law and daughter, Mr. and Mrs. Stanley Godkin. Word was received here this week of the death in Calgary of Mrs. Harold Edwards. The late Mrs. Edwards was Etta Sutor before her marriage and both the Sutor and Edwards families were early residents of Majorville. The sympathy of the district is extended to the bereaved family.

Before returning to Calgary after spending the weekend at their farm, Mr. and Mrs. Clarke visited with friends in the district.

Practically all harvesting is completed around here for this season, only a few fields of flax that was hauled remains and the

frost at night though light, has a ripening effect on green weeds and also the later growth of flax that was delaying harvesting. The crop was a problem in many ways as in places it was short and difficult to swath, however should the present nice weather continue this week should see everything wrapped up for this season.

Mrs. George Heather accompanied by her daughter, Mrs. Damien Corbelle of Cluny went to Enchant on Saturday to visit at the home of Mr. and Mrs. Lloyd Jacobson.

The turkey shoot held at Liberty Community Association Centre on Sunday was well attended and proved quite successful as a fund raiser.

Mr. and Mrs. Bob Umschied, Harold Northcott and Frank Simms went to High River to attend funeral services for the late Rev. Knight of Blackie who had from time to time taken the services in the United Church in Milo and had made many friends among the congregation.

Mr. and Mrs. Clarence Umschied accompanied Mr. and Mrs. Bob Bertrand on a trip to Radium Hot Springs last week.

Grannie Burke spent a few days recently at the home of Mr. and Mrs. John Umschied in Calgary.

John Umschied who has spent the past summer as camp cook for a crew of geologists in the MacKenzie district has returned home with a lot of his experiences tucked away in his memories and a lot of pictures of his life in the north land.

Taking advantage of the lovely fall day, Mr. and Mrs. Bob Umschied and family, Mr. and Mrs. Gordon Ensign and family and Mr. and Mrs. Clarence Umschied spent Sunday at the river and caught some grayling for supper.

### Milo-Queenstown F.W.U.A.

The Milo-Queenstown F.W.U.A. held the September meeting at the Liberty Community Association Centre with 13 members answering the roll call.

After some discussion it was decided not to canvass for the mental health drive for funds this year instead \$25 was sent to the Mental Health headquarters. A letter from the adopted orphan was read, also a letter of thanks from Dr. Hitchmanova, thanking the local for the birthday gift to the orphan.

The members discussed at length the spread of the Hutterite holdings in the district and Mrs. John Papp, Mrs. Clarence Umschied and Mrs. Vic Bertrand were asked to represent the local at the protest meeting in Queenstown. It was also voted to serve the Lions supper again this year.

As the district conference at Berrywater will be on Oct. 20, the same date as the regular meeting, the meeting will be held one week earlier, Oct. 13 and will be at the home of Mrs. Gilbert Vooy's.

The meeting closed with a lunch served by a few of the members. Will FWUA members please note change of meeting date?

### AS FINE AS NEW AS YOU CAN GO

Now! Full comfort, full luxury in a trimmer, full size car

With a car that's so new clean through, Buick was able to start right down on the ground and compromise on no component all the way up.

#### IT STARTED WITH AN ALL-NEW FRAME

Buick's new X-frame made way for lower door sills, a smoother, quieter ride, easier handling and better insulation of the body from road shock.

#### The new frame allowed a NEW CONTROL-ARM SUSPENSION

From this came flatter cornering and mirror-smooth going over the bumps as well as the highway. Buick has a new semi-floating rear axle, too! This combines what engineers call Torque-Drive and Hotchkiss Drive—giving you the finest features of both.

#### The new axle allowed a NEW HIDE-AWAY DRIVE SHAFT

Buick put a totally new kind of double-joint into a 2-piece drive shaft. This let it bend down under your feet—and down went the hump in the middle to give you far more flat floor space than before.

Smaller than big

Bigger than small

### THE BEST OF BOTH WORLDS

Now! The room, ride, go, pride of the costliest cars plus the savings and ease of the small. It took combined GM and Buick ingenuity to work the near miracle which made this car possible. Here is FULL-SIZE LIVING WITH NEW-SIZE CONVENIENCE.

#### COMFORT? STRETCH OUT!

The Special gives you more headroom than most new-size cars, more legroom than most new-size cars, more shoulder room than most new-size cars—and more total room for comfort.

#### CANADA'S ONLY ALUMINUM TRANSMISSION

Not another new-size car has it! New Dual Path Turbine Drive is the liveliest automatic in any car. It's like having two transmissions—one with an oil connection for infinite smoothness, the other with a direct mechanical connection for greater go and greater gas savings.

#### CANADA'S FIRST ALUMINUM V8

puts the power in the Special. It develops astonishing power per pound. The Special got this power without adding weight. And there you have the start of a great gas savings story.

#### SAVINGS? TERRIFIC!

The Special gives you the gas savings of a compact without giving up go-power. It sells in a price area you'll like without giving up looks. The miracle explained: the smartest engineering in years plus the new wonder materials.

## FALL CULTIVATION IN THE CONTROL OF WEEDS

Thorough fall, or post-harvest tillage, has a very important place in the control of some of Western Canada's worst weeds, including Canada Thistle and Sow Thistle.

Early completion of harvest in most areas has presented an excellent opportunity this fall to follow recommended cultural practices. Full advantage should be taken of this situation wherever possible.

## Married at Champion

CRIGHTON — HAMES

Champion United Church was the scene of a beautiful wedding recently when June Ann Eileen Hames, R.N., eldest daughter of Mr. and Mrs. E. A. Hames of Champion, was united in marriage to James Ronald Crighton, son of Mr. and Mrs. J. Crighton of Lethbridge.

Rev. D. Sharpe officiated at the late afternoon rites. In place of the traditional wedding march, the Junior Choir sang, "Praise My Soul the King of Heaven" and "The Lord Is My Shepherd." The choir was led by Mrs. L. Christenson and accompanied by Mrs. T. P. Carlson at the organ. During the signing of the register Mrs. Eileen Flexhaug sang, "The Wedding Prayer."

Large bouquets of gladioli in beautiful shades of colors flanked the altar with the guest pews marked with white bows and a gladioli.

Escorted down the church aisle by her father, who gave her in marriage, the bride wore a floor-length gown of nylon organza over white taffeta in Princess Ann style featuring a large bow in the back, and a sweetheart neck line outlined with applied lace and iridescent sequins and lily-point sleeves. Her tiered illusion net veil, misted from a crown of sequins and pearls, was of nylon organza and she carried a cascade bouquet of tallman roses and orchids.

Miss Marion Hames was her sister's maid of honor and senior bridesmaids were Misses Carol Brown and Ann Doerksen. They wore cocktail-length frocks of taffeta in aqua and cocoa brown shades, topped with matching sheer boleros styled with large puff sleeves. White picture hats and bouquets of white shasta daisies

and tangerine feathered carnations completed their ensembles.

Flower girls were Linda Hames, sister of the bride and Dawnalda Smith, niece of the groom. They wore yellow flared taffeta dresses with cocoa brown sashes and yellow satin ribbon headbands. Their bouquets matched those of the other attendants.

Best man was Jim McElgunn and the ushers were Bill Crighton and Bob Crighton, brothers of the groom, all of Lethbridge.

For the wedding the bride's mother wore a nylon turquoise flowered dress with white accessories and the groom's mother chose a green silk dress with beige accessories.

Following the ceremony, a reception for 100 guests was held in the church parlor with Ronald Perrott of Nanton, uncle of the bride, proposing the toast to the bride. Dave Neufeldt acted as master of ceremonies.

The beautiful three-tiered wedding cake was made and decorated by the bride's aunt, Mrs. W. Penn of Calgary.

Rev. D. Sharpe gave the blessing. Don Steeves sang, "God Hath Not Promised," accompanied by his wife, Mrs. D. Steeves at the piano. Mrs. Flexhaug sang, "My Best To You," at the reception. Miss Betty Carlson was in charge of the guest book.

For travelling on her honeymoon to B.C., Washington and Montana, the bride wore a white sheath dress with matching three-quarter coat and red accessories.

Mr. and Mrs. Crighton are making their home in Lethbridge.

It's pretty hard to convince the kids that the shortage of teachers is a calamity.

### Fire Prevention Week

Vulcan is fortunate in having an efficient fire department and the fire fighting equipment in many of the surrounding villages has been improved in the past year or two.

Nevertheless, the best way to keep fire damage at a minimum is to prevent fire from starting. Fire departments are just as concerned in fire prevention as they are in fire fighting, for proper fire prevention methods save untold thousands of dollars each year in this year.

Fire Prevention Week will be observed Oct. 9-15 and this is an appropriate time to urge every resident observe the following precautions, year-round.

1. Never leave small children alone at home, even for the shortest period of time. Last year, 233 children, many unattended, died in fires.
2. Teach children to know and respect fire and make sure that matches, lighters and similar articles are kept out of their reach.
3. Check your home carefully for faulty wiring or heating equipment, rubbish piles, containers of inflammable liquids and other hazards which may start or feed fires.
4. If a fire breaks out in your home or plant, remove all occupants, and call the fire department BEFORE you attempt to put the fire out yourself.
5. Don't smoke in bed and be careful of smoking equipment. Carelessness with matches and cigarettes caused a large majority of fires in the home.
6. Do not use inflammable fluids for cleaning purposes. Safe, effective cleaning fluids are available at low cost.
7. Encourage your civic leaders to establish and maintain a strong fire department and effective water systems for fire protection.

### SERVICE BOARD NOTES

Norman Soder

The five pests, as recognized by the Department of Agriculture as official pests, are the coyote, warble, grasshopper, warble and bacterial ring rot on potatoes.

In this area the rat and the bacterial ring rot are not of great concern to us, however along the eastern side of the province, the movement of rats is watched quite closely and in the irrigation districts bacterial ring rot is of prime concern.

Grasshoppers would appear to be our greatest pest. With damage starting early in the season and continuing until almost freeze-up.

Warbles cost the farmers thousands of dollars a year in damage to the hides, waste meat and in poorer gains. This type of damage is seldom seen by the farmer and consequently does not cause much alarm.

Coyotes on the other hand kill some poultry, sheep and even a calf once in a while. While this appears to be a great loss to the individual, the good done by the coyote, in killing rodents, is sometimes overlooked.

We have not heard of many coyotes in the county this year and would be glad to hear reports of their numbers. If anyone has a problem with coyotes, we would appreciate them coming into our office and discussing a means of control.

It's the rich man who doesn't hesitate to ask the store clerk to show him something cheaper.

The Browns have been visiting us — looking at our hydro plants, our transmission lines, our thermal plants, at many of the phases of our work that together form a complete picture of our service. Yet here at home, in their own kitchen, they are seeing and using the most familiar expression of electrical energy. The Browns, like a growing number of Albertans, enjoy the modern, fully automatic,

convenient kitchen (and other home facilities) that only electricity can provide. This is the part of us most people know — in the home doing the countless jobs that make life easier and better.

We are happy to bring you the 20th century servant, electricity, in the most dependable and economical way possible.

## BLADE Cultivate After Harvest

for a cleaner summerfallow next year

Blade cultivation, as soon as  
possible after combining,  
loosens soil loose and mellow  
so that it more readily falls  
away from weed roots at the  
first spring blading. Most  
really clean blade summer-  
fallow after this wet spring  
are fields that were bladed  
just after harvest. This fall  
stroke often saves one spring  
stroke.

The Noble Cultivator is the  
only cultivator that can be  
equipped with straight blade  
to penetrate extremely hard  
ground after harvest.

The September meeting of the

at the home of Mrs. Anne Ruppert.  
There were 13 members present.

A discussion was held on spon-  
soring a film for the Cancer

"Is it nothing to you, all ye that  
pass by? Behold and see if there  
be any sorrow like unto my sor-  
row, which is done unto me."

—Lamentations 1:12

The sorrows of the Saviour chal-  
lenge comparison; and the sacri-  
fice of Calvary merits universal  
attention.

There was never a Prince so royal  
So worthy of deathless fame.  
There was never a Friend so loyal  
Such an ocean of love in a name.  
There was never such springs of  
sweetness

Such streams of ineffable bliss  
Such powers of holy meekness  
As welled in that heart of His.  
Which moved His hands in  
kindness

Overflowing His lips with grace  
Impelling His feet to mercy  
And suffusing with love His face.  
Yet never a friend did fathom  
Such measureless depths of shame  
And never the vilest traitor  
Did bear such a burden of blame.

There was never such rivers of  
sorrow  
There was never such floods of  
grief

As flowed from the hearts of  
sinners

Into His, for their relief  
And where is the heart so  
hardened

And who is so vile as he  
Who beholdeth the Saviour suffer  
And saith "It is nothing to me."

## Revised Trailer Regulations

Revised Alberta regulations governing trailer coaches and trailer coach parks make provision for three types of mobile home parks in the province—permanent, temporary and tourist. The new regulations became effective Jan. 1.

The standard of new permanent parks and services provided will be raised as a result of the changes in regulations. Minimum square area of one trailer lot has been increased from 1,500 square feet to 1,925 square feet or a lot 35 feet by 55 feet. Operators will be required to provide, in one general playground, an area computed on the basis of 100 square feet for each trailer. Plumbing connections will have to be provided for each coach, as well as a minimum water supply of 150 gallons per day, and suitable laundry room equipment.

The development of temporary and tourist parks is also controlled by regulations. A temporary park, particularly one set up in a new oil producing area, can operate on a year permit issued by the local board of health. It must comply with strict sanitary regulations.

Operators of tourist trailer reception areas must provide toilet facilities, a safe water supply, garbage receptacles and disposal service.

Tourists may stop at a trailer park only for a period of ten days. A further ten day extension may be granted by the local board of health. Wheels or running gear of tourist trailers must not be removed during a stopover.

A restriction has been placed on the size of porches built onto trailers parked at a permanent court. The additions may not be built higher than the trailer itself and may not exceed six feet in any direction.

The new regulations also pro-

hibit parking a trailer coach on any public street, lane or travelled portion of any highway.

## Provincial Grant Being Used By 97 Communities

"Good progress is being made on the street paving and/or sidewalk program in the villages and towns of Alberta", Gordon E. Taylor, Minister of Highways, stated today. Approximately one-half, 97 towns and villages have now completed Agreements with the Department of Highways. A breakdown by type of work for this is as follows:

Concrete Sidewalk Construction Only	47
Concrete Sidewalk, Curb and Gutter Construction	30
Street Paving	20
<b>Total</b>	<b>97</b>

Of the above, construction arrangements have been approved in 82. Tendering is still in progress on several projects.

The Alberta Government set aside some six million dollars in its five year program for the purpose of making the towns and villages and large hamlets more attractive through a street paving and/or sidewalk construction program. The towns and villages may take advantage of this program within a three-year period. The local authority is responsible for setting grade lines and preparing the sub-grade and the provincial government pays the total cost of the concrete sidewalks or base course and surfacing.

The total amount of grant funds now committed for the 97 towns and villages is \$2,419,930.00.
